

ASSEMBLY INSTRUCTIONS FOR GOLIATH ARC LAMP ITEM# 5098-22

PLEASE READ AND SAVE THESE INSTRUCTIONS:

Be careful when unpacking the lamp since the wires are connected. If the wires are pulled out of their connectors, the lamp will not turn on.

1. Begin assembly at the bottom of the lamp.
2. Screw bottom pole (B) clockwise onto lamp base(A) and turn to tighten.
3. Screw middle pole (C) clockwise into bottom pole(B) and turn to tighten.
4. Screw middle pole (D) clockwise into bottom pole(C) and turn to tighten..
5. Insert tube (E) into tube (D).Use screw driver (G) to tighten nut (F) into tube (D)
6. Insert tube (H) into tube (E).Use screw driver (J) to tighten nut (I) into tube (E)
7. Insert socket (K) into tube (H).Use screw driver (M) to tighten nut (L) into tube (H)
8. Screw tube (G) into tube (F).
9. Place shade (N) onto socket (K) and then turn socket ring (O) to socket (K).
10. Item weight: 23.65lbs.

CAUTION:

Use only with maximum of 1*150 Watt incandescent bulb (bulb not included).

Many people are choosing to use energy efficient CFL light bulbs. CFL's vary in size based on manufacturer, features, and wattage. Some CFL bulbs may change the functionality of the lamp. For example: if this lamp has a low/high/off function or 3-way switch, then when using the CFL bulb on the low setting the bulb may either "flicker" or not work. We recommend only using at the "high" level.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.
