

Loosen the plastic screw by using a flathead screwdriver (not provided) and adjust the fixture wires to the desired length, then tighten the plastic screw back into the hole as shown on the diagram.

INSTALLATION INSTRUCTIONS

1. Carefully remove the fixture out of the carton, and check that all parts are included referring to the above illustration. Make sure not to misplace any parts that are needed for the installation;
2. Install the bulb (NOT PROVIDED) into socket (1).
3. Assemble the glass shade (2), steel panel (3), nipple (4), into the cap (5), then screw them with coupling (6).
4. Install the coupling (6), then secure them with the plastic screw (7).
5. Fixture is ready for lamping and installation.
