Model & Product

EN-2460D-C-P Plug-in Power Supply for InvisiLED Color Changing 120V Input 24VDC
Output 60 Watt

L x W x H

4.625IN x 2IN x
1.1875IN

Example: **EN-2460D-C-P**

DESCRIPTION

Low Voltage plug-in class 2 electronic transformer designed to be used as a plug-and-play style transformer. Contains an on/off toggle switch at the base and a 72" detachable cord with a lead wire for InvisiLED RGB Color Changing Tape Light. Inherently protected and power limited, protecting the lighting system from both normal and abnormal short circuits. Built-in auto reset, soft start, short and overload circuit protection features. The soft start delayed start feature extends lamp life by delaying the abrupt inrush current to the lamp.

FEATURES

- 6' long input and output wires
- Requires a minimum load of 1W for consistent operation
- 5 year warranty

SPECIFICATIONS
