

# Ace Head LED T20

## DESCRIPTION

The Ace Task Head light by Tech Lighting is simply efficient featuring a classic adjustable spot head design with variable stem lengths and beam spread choices. The Ace is available in three current trend options, Satin Nickel, Aged Brass and Bronze each finish option further enhances the Ace Task Head. This practical and efficient task head scales at 3.5" in length and 1.8" in width making it ideal for residential and commercial lighting spaces. Combine the Ace Task Head with our complementary MonoRail system for even greater design customization in your unique space. The Ace comes with your choice of two integrated LED lamp options, both lamps are fully dimmable to create the desired ambiance in your any space. Includes 12 volt 9.4 watt, 486 delivered lumens, 3000K, LED module. Dimmable with most LED compatible or ELV and Triac dimmers. Ace head can pivot 90° (horizontal to straight down). Integrated lens holder accommodates up to (2) lenses and louvers (sold separately). As a general rule when using the Ace head, we do not recommend using greater than 33% of the maximum wattage specified for the low voltage transformer due to inrush current requirements. For assistance in calculations, please contact Technical Support.

## WEIGHT

0.5-1.2lb / 0.23-0.54kg ±

aged brass      antique bronze      satin nickel
