

ASSEMBLY INSTRUCTIONS

ITEM NO.: M100103

B → A → C → D → E → F → BULB

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the center holes of nipple pipe (B), bottom column (C), coupling (D), center tube (E), (F) and canopy (G).
4. Install the nipple pipe (B) into the hex nut of the fixture body (A).
5. Carefully place the bottom column (C) over the nipple pipe (B) of the fixture body, securing with coupling (D).
6. Thread the bottom of center tube (E) onto the fixture body (A). Repeat the process for remaining center tube (E), (F) as shown in the diagram, until snug.
7. Referring to the installation instruction with the product for the wiring and installation.
8. Install proper bulbs (not provided) to each socket referring to the markings and / or labels on the fixture for maximum wattage.
9. Retain power to the installation point ON and retain this sheet for future reference.
