Lighting™

PRODUCT NAME:Boulder Mirror
ITEM NUMBER: E20029-PC

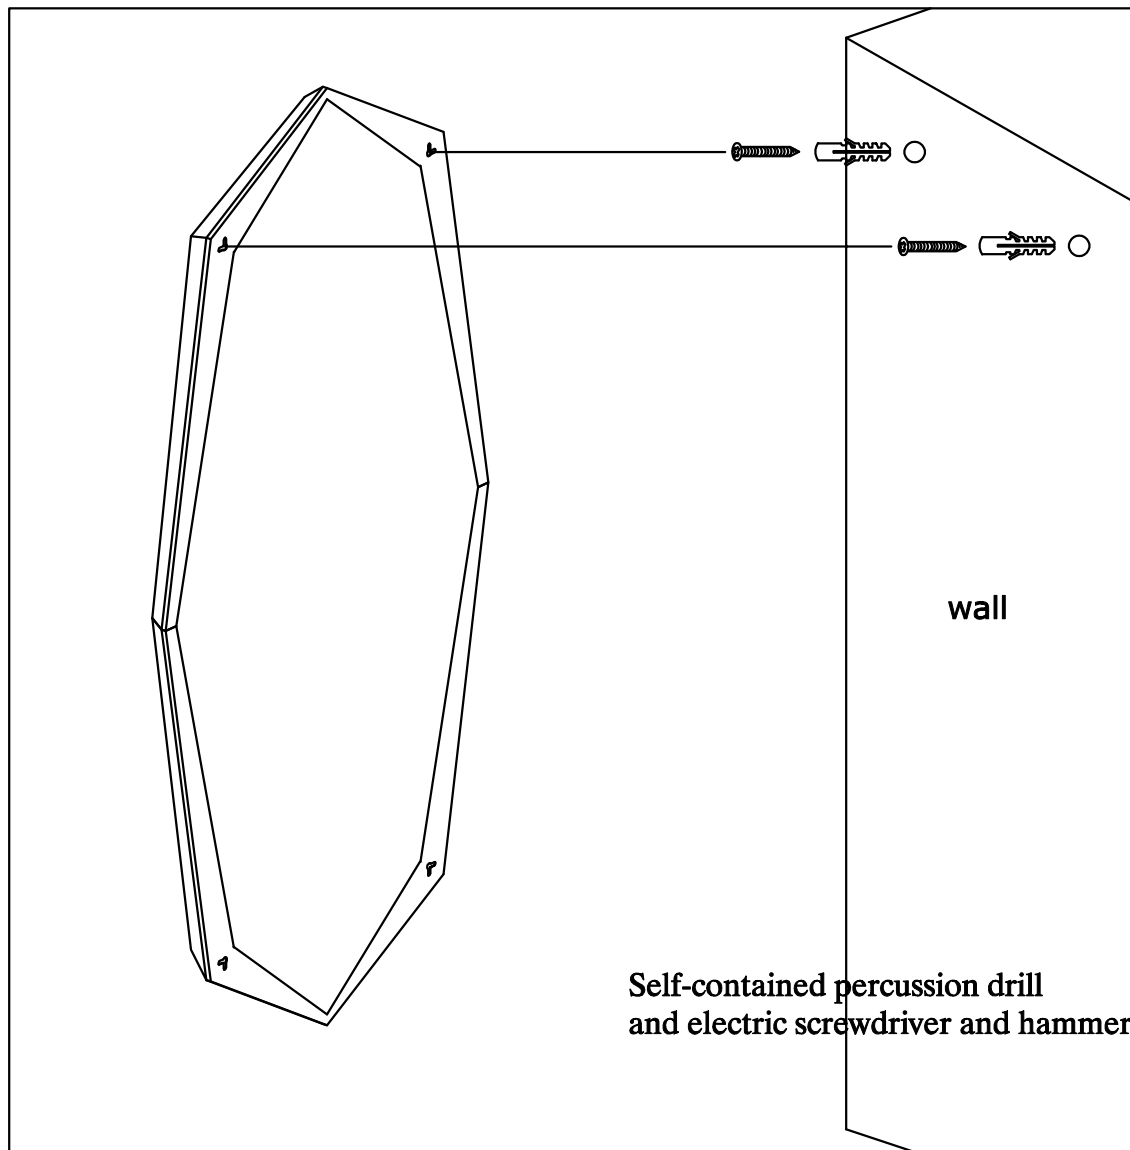

Bulb Not Included

Expansive tube(A)
*4PCS

Screws(B)
*4PCS

Locate all hardware & components before discarding packaging

Step 1: Two 10mm deep 60mm holes were drilled on the wall with a percussion drill, and the expansion tube was punched into the wall with a hammer. Then the self-tapping screw was screwed into the expansion tube screw head with an electric screw to expose the wall for about 4mm. Finally, the mirror was hung on the wall by two people.

Cleaning & Care:

You may use talcum powder and a soft cloth for cleaning. Do not use abrasive cleaner.
