

Please go to [www.quizel.com](http://www.quizel.com) for product cleaning tips. Go to the **Care + Maintenance** selection.

**Tools Required:** Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

**Light Source:** (4) G9 Clear Xenon Bulbs 60W Maximum, bulbs not included.

**Estimated Assembly Time:** 20-30 minutes

**Preparation:** Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact your original place of purchase.

### ⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.

Do not touch the bulb with bare hands use a cloth or glove.

### Package Contents

### STEP 1 - Install Inner Backplate and Fixture Body

- Pass the supply wires through Inner Backplate (A). Attach Inner Backplate (A) to outlet box with the head of green ground screw facing you. Secure it with outlet box screws (not included). Tighten until snug.
- Refer to Step 2 for wiring connections.
- Attach Fixture Body (C) over Inner Backplate (A) and secure with Lock Screws (B). Tighten until snug with screwdrivers.
